

HOW WE ARE DIFFERENT FROM OTHERS!

- 🌀 In March 2017, Bangladesh Bank, the Central Bank of Bangladesh, ranked MABS & J Partners as one of the top six CA firms in the country. Bangladesh Bank no longer grades CA firms after 2017; only publishes the names of enlisted CA firms in alphabetic order.
- 🌀 Nine partners, with work experience in Banks, Multinational Companies, NGOs, Renowned Private Groups of Companies and Conglomerates in home and abroad.
- 🌀 Complemented by a pool of professionals, in addition to Chartered Accountants from ICAB and ICAEW, comprising Chartered Global Management Accountants (CGMA), Cost & Management Accountants (CMA), Chartered Secretaries, Bankers, ACCAs, MBAs, ITPs and CISA professionals.
- 🌀 Expertise in Forensic and Investigative Audit with experience of many assignments, including investigation into the biggest banking scam in Bangladesh's history.
- 🌀 A member firm of Nexia International, UK, the eighth largest global network of independent accounting and consulting firms.
- 🌀 MABS & J Partners is an authorized firm of The Institute of Chartered Accountants in England and Wales (ICAEW) to train articled students for the ICAEW qualification.
- 🌀 Enlisted with Bangladesh Bank, The World Bank, ADB, USAID, CIDA, SDC, DFID, AusTrade, icddr,b, Bangladesh Securities & Exchange Commission, FRC, NGO Affairs Bureau, MRA, IDRA, PKSF, MISEREOR Germany, ICCO Cooperation and other important national and international organizations.
- 🌀 Long established strategic partnerships with HR Consulting, Law, Engineering and Software firms, in order to offer clients a complete range of services.
- 🌀 Staffed by more than 360 professional and support staff, to serve the diversified needs of our clients.

Our People Our Strength

- The Quality of client service in any professional firm is the outcome of employing skilled people. Hence, we give high priority to recruiting and training suitable personnel. Our trainee accountants are mostly University Graduates or Post Graduates who are trained in our firm for at least three years as articled students. Moreover, all of our staff members complete a structured training program, which combines practical work experience with an extensive range of formal courses and a number of management courses.
- Professional staff members are recruited on the strength of their experience, qualifications and their suitability to undertake the services that are offered to our clients.
- Our role, as one of the leading firms in the country, is achieved and maintained by our commitment to, and enthusiasm for, meeting the needs and expectations of our clients.
- Our firm has evolved a structure that ensures a size that is necessary to provide all clients, large or small, a high level of service.
- Our Partners and Staff are subject to a strict Code of Conduct as regards confidentiality and independence. Each assignment is assigned to an Engagement Partner who monitors the work done by the relevant professional staff. This is subsequently reviewed by a different partner in the capacity of Review Partner.

There is a panel of eminent professionals in our "resource pool" who are engaged in providing specialized services to clients. Professionals, such as Chartered Accountants, CMAs, CGMAs, ACCAs, MBA (IBA, DU), Engineers, Lawyers, Financial Analysts, HR Specialists, and EDP & System Analysts are in the pool. These professionals are engaged on an assignment to assignment basis and are directly supervised by a Partner.

Quality Assurance Department

At MABS & J Partners, we believe that quality resides within and must be reflected in everything we do. As such, not only are service deliverables bound by quality parameters; our internal processes are also subject to similar rigours. We believe that we are defined by reputation, which hinges on consistently high quality of output. While quality is usually mandated by statute or regulations, we go above and beyond with the quality of our work and service in order to maintain the confidence of our clients. This does not happen by itself - a lot of work must go into building, implementing and maintaining quality standards. Towards this end MABS & J Partners has a fully functional Quality Assurance (QA) Department, headed by a Partner and staffed by experienced professional personnel.

Quality Assurance Standing Committee (QASC) of Nexia Bangladesh

The mantra of our QA strategy is that quality must be built into the processes of everything we do. A comprehensive Quality Assurance system has been implemented in the firm with quality checks built into every process. It is, therefore, autonomous. We believe that responsibility for quality lies not only with a few at the top, but with everyone at all levels in the firm. All relevant staff have been trained on our QA systems.

Our QA Department deploys its resources to assist staff who provide client services, whether on site or in the office, to comply with the quality standards of the firm. Everyone in the firm is expected to execute their respective function, complying fully with published quality guidelines and standards. Opportunities to enhance quality standards and develop techniques and tools to facilitate and monitor compliance are a continuous quest.

Day to day management of the QA processes are overseen by a Quality Assurance Steering Committee comprising several Partners and senior QA personnel.

We believe that our Quality Policy, **"Every assignment that the firm undertakes will be completed to the highest professional standards"**, will reassure our clients of the professionalism, reliability and integrity of our services and deliverables.

International Audit Experience

MABS & J Partners' recent achievement in auditing the Development Bank of Mongolia (DBM), a government bank, in Mongolia, represents a remarkable milestone in our global expansion and expertise. This accomplishment underscores our proficiency in navigating diverse regulatory environments and cultural landscapes. It demonstrates our commitment to upholding international financial standards while adapting to local nuances and requirements. Our audit team adeptly managed challenges, such as the language barrier, differences in accounting practices, and cultural distinctions in business conduct. Through effective communication, collaboration, and meticulous attention to detail, we have ensured transparency, integrity, and compliance in financial reporting, enhancing trust and credibility for both our firm, our network firm and the bank we audited.

Our Commitment to Female Empowerment

At Nexia Bangladesh (MABS & J Partners), we firmly believe that empowering women is essential for driving sustainable economic development. We are proud to highlight the talented women within our team, whose contributions reflect our dedication to gender inclusion and equal growth opportunities.

This representation not only embodies our values but also reinforces our ongoing commitment to fostering a diverse and inclusive workplace that nurtures potential and drives progress.

INFORMATION SYSTEM AUDIT & ADVISORY

Information Systems and Information Technology services are in the greatest demand at this time. Yet the necessary resources are scarce in Bangladesh. The goal of "Vision 2041" inspired MABS & J Partners to form a team of qualified and experienced IT personnel to provide the following technical services:

verify that the system and applications are appropriate, efficient, and adequately controlled to ensure valid, reliable, timely and secured input processing and output at all levels of a system's activity.

Systems and Applications: to verify that systems and applications are appropriate, efficient, and adequately controlled to ensure valid, reliable, timely and secure input, processing and output at all levels of a system's activity.

Information Processing Facilities: to verify that the processing facility is adequately controlled to ensure timely, accurate and efficient processing of applications under normal and potentially disruptive conditions.

System Development: to verify that the system under development meets the objectives of the organization and that the system is being developed in accordance with generally accepted standards. Management of IT and Enterprise Architecture: to verify that the IT management and organizational structure and procedures support a controlled and efficient environment.

**Message from
Philip Mandel**

Chair, Nexia International, UK

"Since 2013, MABS & J Partners have been an important and integral part of the Asia Pacific network of Nexia International members. They have been an active participant in our joint activities and embrace the collaborative approach of the Nexia network. Bangladesh is an emerging market for trade and business not only in the Asia Pacific region but globally and we are very privileged to have such a high-quality firm to assist our clients to take advantage of these growth opportunities. One of the key strengths of MABS & J Partners is their own desire to grow and expand and realize that many of their clients need the support of a firm who have a similar philosophy about the need to keep moving forward. It is this vision which sets out MABS & J Partners from other firms and it is for this reason we are extremely fortunate to have them as a member."
